

VIRENDRA SONAR

Java Full Stack Developer

☎ +91-9325390860 ✉ virendrasonar187@gmail.com 🔗 LinkedIn 🌐 GitHub 📍 Pune, Maharashtra

Summary

Full Stack Developer with hands-on experience in Java, Spring Boot, SQL, and full-stack web application development. Proficient in building RESTful APIs, integrating databases, and developing responsive user interfaces. Strong analytical, problem-solving, and debugging abilities.

Skills

Programming: Java, SQL, JavaScript

Backend: Spring Boot, Hibernate/JPA, REST APIs

Frontend: Angular, HTML5, CSS3

Database: MySQL, PostgreSQL

Tools: Git, GitHub, Postman, Eclipse, VS Code, MySQL Workbench

Projects

Institute Management System

Sept–Jan 2026

- Developed a full-stack web application to manage courses, student enquiries, and enrollments
- Implemented layered architecture (Controller-Service-Repository) for maintainable and scalable code
- Built RESTful APIs using Spring Boot with Hibernate/JPA for CRUD operations
- Integrated PostgreSQL for production data storage, supporting seamless database operations
- Developed an Angular-based frontend with forms and API integration
- Implemented input validation and exception handling mechanisms to ensure data integrity and smooth execution

JWT Authentication System

Jan–Mar 2026

- Developed a secure authentication system using Spring Boot, Spring Security, and JWT
- Implemented user registration and login functionality with BCrypt password encryption
- Implemented stateless authentication using JWT for secure API access
- Built RESTful APIs with validation and exception handling for secure user authentication
- Integrated MySQL database for user management and credential storage

Bus Ticket Booking Website

Aug–Oct 2025

- Designed and implemented a ticket booking system with search, booking, and cancellation workflows
- Developed server-side rendered frontend using Thymeleaf integrated with Spring Boot
- Built RESTful APIs and integrated MySQL database for data management
- Implemented booking logic with input validation and proper handling of booking and cancellation workflows

TrendEttic – E-Commerce Shopping Website

Jul–Aug 2025

- Developed a responsive e-commerce website with product listing and detail pages
- Built an interactive user interface using HTML5, CSS3, and JavaScript
- Improved user experience through structured layouts and responsive design

Education

B.Tech in Computer Science and Engineering

Graduated: Jun 2023

CSMSS Chh. Shahu College of Engineering, Chh. Sambhajinagar

CGPA: 8.8 / 10

Certifications

- **Java Full Stack Development – MindScripts Tech: Achieved Grade A;** gained hands-on experience building full-stack web applications using Java, Spring Boot, Hibernate/JPA, REST APIs, and MySQL with frontend-backend integration.
